MIRASOL

Enjoy Indoor Living, Outdoors.

Effortlessly expand your home's footprint with our motorized drop screen solutions featuring zip side channels. With widths supporting up to 23', enjoy unbeatable sun and wind protection, glare control, and insect protection.

Stylish. Intelligent. Integration.

POWERED by

somfy®

Sol-Lux patio and drop screen shading solutions feature Somfy® line voltage and battery-powered RTS motors. Effortlessly control your awning and LED lighting with the sleek Somfy Situø remote. For advanced capabilities, add the Somfy Tahoma hub to enable app control, integration with popular voice assistants, and seamless home automation.

On-Demand App Control for EOS Window Awnings

The EOS window awning is engineered to operate automatically with minimal user interaction. For manual controls, the Sol-Lux proprietary app presents users the option to extend, retract, or set schedules.

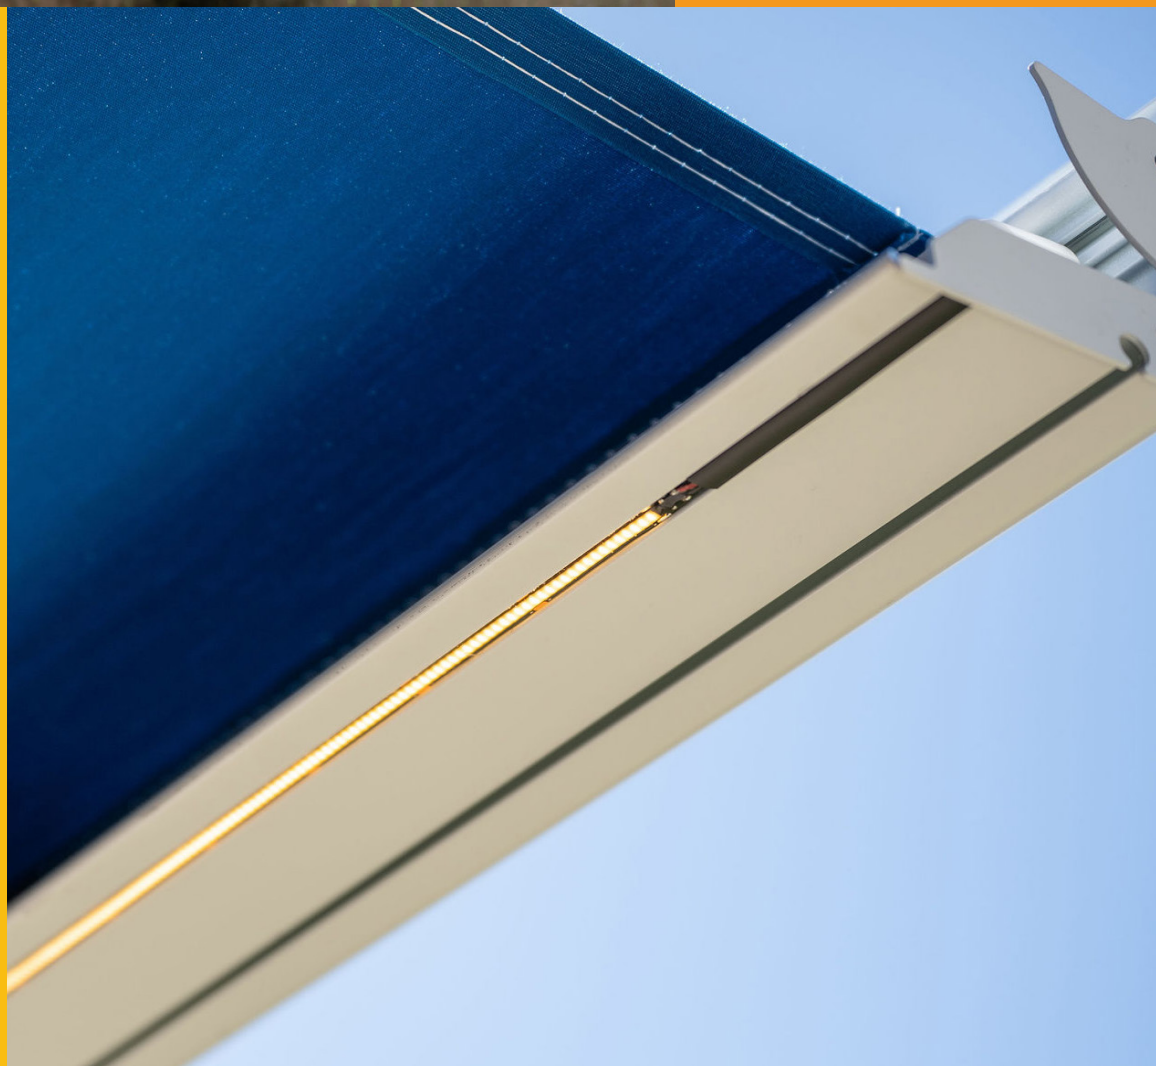

Integrated Motion Sensors

Mirage and Freedom patio awnings are designed with a motion sensor integrated into the awning leadrail. The sensor detects wind and automatically retracts the awning to protect it from damage.

Optional LED Lighting

Indulge in ambient charm with dimmable LED lighting options, in warm or cool tones for Mirage & Freedom patio awnings. The light illuminates any outdoor space when the awning is fully extended or closed.

Premium Fabrics

A Designer's Dream

Blend luxury, durability, and style with an unmatched collection of Sunbrella® and Recasens® acrylic textiles. Redefine outdoor elegance and provide lasting sun protection with a touch of sophistication.
